

Footwear With a Clearly Defined "Air" of Distinction

Women have never seen grace and beauty of line combined so effectively as in the new fall and winter Footwear. So long as the "Moyenage" prevails in stylish dress, so long will makers of fine shoes lend all effort to combine beauty with an air of distinction in their productions, cleverness, smartness and beauty. For the street, house and "occasions" there is a wealth of attractive new models to select from here.

ANDERSON JURIST MADE IMPRESSION

Judge George E. Prince Delivered Forceful and Convincing Charge to the Grand Jury

Recognized for his ability in Anderson as a jurist, other towns and counties in South Carolina are learning that there is no more capable man on the South Carolina bench than Judge Geo. E. Prince who made a great impression a few weeks ago at Lexington and the following dispatch seems to indicate that he has done likewise at Saluda:

Saluda, Oct. 6.—Fall term of court of general sessions convened here Monday, with Judge Prince of Anderson presiding. Solicitor George Bell Timmerman missed connections and did not arrive in Saluda till afternoon. Judge Prince in the meantime devoting the morning to delivering his charge to the grand jury.

Without doubt Judge Prince's charge to the grand jury excited more comment and made a more profound impression than that of any judge delivered here in years. No need for hurry being apparent, on account of the solicitor's absence, he took occasion to touch upon very nearly every subject in which the grand jury has jurisdiction, and he flayed lawlessness.

Much of his speech was epigrammatic. In the beginning he charged the grand jury with responsibility for existing conditions, good or bad, as regards official affairs of the county. Speaking of the work of the supervisor, in general vein, Judge Prince said: "The supervisor should be the best business man in the county; the other clerical work that he does for the business management of the entire county. He must issue all the checks, but oftentimes is elected because he can shake more hands or tell more jokes. . . . If you have the right man, you do not pay him enough. If you haven't such a man, you pay him too much."

"Your supervisor may wreck the finances of your county, a poor school superintendent may wreck the future of your children and your greatest wealth consists in your children," he said in speaking of the importance of education. "Some counties pay their superintendent of education \$900 while teachers in those counties get \$3,000 to supervise the schools of one town or city."

Judge Prince called attention to the need for men teachers. "Women should teach the small children, but not large girls or boys," said he. "At the age of adolescence the girl and boy both need the force, discipline, viewpoint and personal touch of a great man teacher. But we pay so little for the service practically no man will teach for the salary."

"Lots of people think their boy too good and pure and angelic to do wrong in school," he said, in declaring for rigid control of pupils by teachers. "But I was not when a school boy; you were not; and if your boy has no mischief about him, he is a sissy, and a sissy is no good."

"If . . . miscegenation is being practiced . . . If I get a chance to pass sentence upon such, I will convince the man that it will be far cheaper to have a decent wife and rear an honorable family."

"An illegal liquor seller is worse than an assassin," said he, in flaying unlawful liquor traffic. He also, in conclusion said that "God knew what he was doing when He made the Sabbath. Or law recognizes this and places a penalty upon its violation. . . . Such violation is demoralizing society."

With a heavy docket, though few important white cases, court will probably last all week. Several murder cases against negroes will be tried.

Charlie Cherry Is Very Sick

Charlie Cherry, the industrious and worthy sexton of the First Presbyterian church and a well known and highly esteemed negro, has had a stroke of paralysis and is seriously ill at his home on Fant street. Charlie has many friends among the white people of Anderson and all of them will regret to hear of his illness and will send him any aid in their power.

MORTGAGE INTO MANY MILLIONS

Filed Yesterday in Office of Clerk of Court Here, Amounts To Sum of \$30,000,000.

The average Andersonian can hardly conceive of such an amount or for that matter of there being so much money in the whole world as at this time, but nevertheless a mortgage of \$30,000,000 is now being recorded in the office of James N. Pearson, clerk of court for Anderson County.

The mortgage is given by the Southern Public Utilities Company of Charlotte, Greenville and Anderson, and is to the Farmers Loan & Trust Company of New York. It covers 18 typewritten pages and will require hard work on the part of several clerks for a whole day to record.

The mortgage is secured by the street car systems owned by the Southern Public Utilities Company in Charlotte, N. C., Greenville and Anderson and other holdings in Mecklenburg, Davis, Rowan, Forsyth, Catawba, Gaston and Davidson counties in North Carolina and Greenville, Anderson and Chester in South Carolina. The paper bears the signature of F. V. Taylor as president of the Southern Public Utilities Company, W. C. Parker as secretary and their signatures are witnessed by E. C. Marshall and N. A. Cooke.

NATION'S BIG TOBACCO CROP

The Yield This Year Equals Last Despite the Early Set Back.

Washington, Oct. 7.—Forecasts of the tobacco crop announced today by the department of agriculture shows this year's harvest will be 954,000,000 pounds or equal to that of last season, despite early setbacks. The department interprets the yield from the condition at time of harvest to be:

Virginia, 93,000,000 pounds; North Carolina, 136,500,000 pounds; South Carolina, 31,000,000 pounds; Florida, 3,500,000 pounds; Kentucky, 344,100,000 pounds, and Tennessee 59,000,000 pounds.

Condition: Virginia 65; North Carolina, 74; South Carolina, 73; Tennessee, 13; Florida, 97; Kentucky, 86.

EDISON'S FIRST INSPECTION.

Secretary Daniels to Accompany Inventor on Battleship.

Washington, Oct. 7.—Thomas A. Edison, whose genius has contributed in many ways to the efficiency of the United States navy, will inspect a modern American battleship and submarine, for the first time, Saturday. Secretary Daniels Saturday will accompany the inventor to New York to look over the battleship New York and a submarine which will be ordered to New York for that purpose.

More Light.

"We want the liquor question presented in its true aspect," says one of the trade journals in a protest against the denouncement of the traffic by temperance speakers and writers. Temperance people say amen to that. So do all who are seriously considering the question and are working toward a solution of this national problem. We want the truth concerning alcohol from the time the grain is diverted from its natural and legitimate use—and its life-giving elements converted and perverted into death-dealing and mocking. It lures men and women to destruction and recruits the ranks of paupers and criminals. We want the truth concerning the relation of strong drink to social and economic conditions. We want nothing but the truth concerning the liquor question in all of its aspects—physical, moral, financial, political. Men, women, and children are learning the truth today as never before. The public is being shown the real nature of alcohol—and there can be but one result.

ROUTINE MEETING OF CITY COUNCIL HELD

EVERY STREET PRESENTED SOME PETITION.

LITTLE WAS DONE

Numerous Requests for More Paving, Additional Lights and Many More Hydrants.

(From Thursday's Daily.) Little business of any real importance was transacted last night at the regular meeting of the Anderson city council. The principal feature of the meeting was the number of requests received for more hydrants and more lights, coming from various sections of the city.

The meeting was called to order at 7:30 o'clock by Mayor J. H. Godfrey. Lieutenant Trowbridge of the Palmetto Rifles appeared and asked that council continue the annual appropriation for the local militia. The matter was referred to a committee consisting of Aldermen Barton, Tate and King, with power to act.

Numerous petitions praying for extensions of the sewerage system in certain sections of the city were referred to a committee consisting of the entire council. This committee has power to act.

The Board of Health presented a petition asking for an additional pipe line in West End. The matter was referred to the sanitary committee.

A recommendation from the Board of Health that the city meat and milk inspector be provided with a conveyance for traveling to and from his duties was received as information.

On motion of Alderman Carter the appropriation for the Carnegie Library was increased by \$4 per month.

Motions were introduced by Alderman Carter to curb and drain Prevost and Lindsey streets, to accept certain sewers on Prevost, Lindsey and F streets, provided they meet with the approval of the city engineer and to accept a sewer line in College View with the same understanding and to place an arc light on the corner of Prevost and Whitner streets, were all referred to their proper committees.

A motion made by Mr. Carter that King street be curbed and drained from F to I streets was referred to the street committee.

J. W. Grant, representing the American-La France Fire Engine Company, appeared and spoke to council of his model fire engine pump with hose attachment. He asked that his company be considered when council places an order for such a machine.

The question of permitting gasoline stations to be placed on the public square was discussed and the matter was referred to Aldermen Tate, Dobbins and Carter with power to act.

On motion of Alderman Spearman the following gentlemen were elected as the Board of Assessors: S. D. Brownlee, E. P. Vandiver and W. L. Robinson. They are to receive \$75 for this work.

Alderman Carter's application for a light on Tribble street was referred to the water and light committee.

Mayor Godfrey spoke briefly of the city's finances showing that the former council borrowed the sum of \$35,000, of which a balance was left on hand when new council was seated, of \$5,000. The present council has borrowed \$8,000, has on hand about \$6,000, will borrow an additional \$3,000 today and will therefore owe about \$65,000 on January 1.

The matter of bids on the street sweeping, etc., was referred to the sanitary committee with power to act.

In order to get Anderson's share of the State Insurance fund, as provided by the State Insurance Commissioner, a very lengthy building code was adopted.

Council adjourned shortly after 1 o'clock.

CIRCUS PARADE.

Decidedly the biggest part of circus day for numbers of children and grown-ups as well is the parade. Ringling Brothers circus is in town and the parade will take place this morning at 10:00 o'clock. The following is the route which the parade will take, according to announcements made last night.

- Show located on River street on the Moore property, opposite Buena Vista Park.
- Parade starts on River street, then to Fant street.
- From Fant street to Whitner street.
- From Whitner street through the Public Square.
- From the Square down Main street.
- From Main back to the show grounds.

Editors Intelligencer: Please allow us space in your valuable paper to express our thanks and appreciation to our friends and neighbors for the many acts of kindness and words of cheer shown us during the sickness and death of our beloved son, Vernon Monroe Martin. May Heavens richest blessings rest and abide with each and every one of them in the earnest prayer of.

Williamston, R. F. D. S. C.

INTERESTING SUIT HAS BEEN ADJUSTED

HARDY-CROUT CASE WAS SETTLED.

WAS COMPROMISED

Action Which Has Excited Interest in Anderson Courts Finally Ended.

It was announced by the attorneys in the case that the case of Laura C. Hardy against J. D. Crout, which was the second case for trial at the present term, and which was tried at the June term as well as the February term, had been settled.

Inasmuch as very considerable interest has been taken by the public in this case, and considerable publicity given to the charges made herein and the defense set up, the basis on which this settlement was made will doubtless prove interesting to many people.

The parties to the cause, Miss Hardy and Mr. Crout, united in conveying the tract of land in question to the Bank of Anderson as trustee to carry out the basis of settlement. The preamble to said deed, is as follows:

"WHEREAS, I, Laura C. Hardy, of the town of Starr, in the County and State aforesaid, did heretofore, to-wit, on the 13th day of August, 1913, enter into a written agreement with J. D. Crout of the City of Anderson, who is my nephew by marriage, for the sale to him of my tract of land containing four hundred and twenty-six (426) acres, more or less, situate in Savannah Township in the County of State aforesaid, on the terms and for the considerations therein set out, which agreement is recorded in the Clerk's office in said County in Deed Book LLLL, page 134; and

"WHEREAS, thereafter I declined to carry out said agreement when tender was made to me by the said J. D. Crout, as provided in said agreement, and thereafter brought a proceeding in the Court of Common Pleas in said county, for the purpose of having said written agreement set aside and declared null and void on the allegations that the said J. D. Crout had taken advantage of the confidence which I had in him and by other means had fraudulently and by undue influence prevailed upon me to sign said paper, greatly against my wish and inclination; and

"WHEREAS, I now desire, voluntarily and freely, to publicly retract every charge made in the complaint in said cause or in any other manner that reflects directly or indirectly upon the honor or integrity of the said J. D. Crout.

"Now, therefore, I, Laura C. Hardy, do hereby most solemnly and sincerely retract each and every of said charges, and I do hereby fully exonerate the said J. D. Crout therefrom, and from any intention or attempt to mislead, deceive or defraud me or in any other manner to impose upon me in relation to the execution of the said agreement, and I make this retraction freely and voluntarily.

"Having thus voluntarily and freely retracted and withdrawn the charges made by me against the said J. D. Crout, and having agreed with him on an adjustment of the controversy between us, on the conditions herein stated, etc."

The conditions referred to are that the Trustee shall raise the sum of Thirty-Five Hundred Dollars (\$3500), either by a mortgage on the premises in question or by a sale of a portion thereof, and out of this fund pay to Miss Hardy, or to her attorneys, the sum of One Thousand Dollars (\$1,000), out of which shall be paid all costs of the litigation, including Forty Dollars (\$40) to Mr. Crout as reimbursement for a copy of the evidence, and that the remaining Twenty-Five Hundred Dollars (\$2500) shall be paid to Mr. Crout, and that each party to the cause, respectively, should pay their own attorney's fees; that the remainder of the estate shall be held and managed by the Trustee for the use and benefit of Miss Hardy during the balance of her life time and that at her death the land shall be sold and the proceeds of said division equally between Miss Hardy's four nieces and nephews, to-wit: Mrs. J. D. Crout, Mrs. May Matthews, Baxter Hodges and Will Hodges.

Of course the Bank of Anderson will file the deed in question for record in the office of the Clerk of Court for Anderson County, and it will become a public record on the books of the County.

OFFICERS REMOVED.

Butte, Mont., Oct. 6.—Sheriff Timothy Driscoll and Mayor Lewis J. Duncan were found guilty today of neglect of their duties in connection with the recent miners riots and removed from office by Judge Royce Ayers of the district court, after a trial which lasted more than two weeks.

Card of Thanks.

These fixtures are built to help you sell more goods—to promote trade and increase profits.

Section of grocery store, Greenville, R. C. occupied by Farr & Finley. Fixtures made by Greenville Mantel & Mfg. Co.

Low Freight Rates from Greenville mean a money-saving to you in buying direct from us. We are completely equipped for manufacturing, at low prices, show cases and other fixtures of any shape or size you need. Let us suggest how you can utilize to best advantage an odd corner. Let us help you get the most out of your floor space.

GREENVILLE SHOW CASES

Awarded gold medal at National Conservation Exposition. Made from the choicest seasoned hardwood and plate glass clear as crystal and free from the slightest flaw. Hundreds of progressive merchants verify our claims for the beauty and trade-drawing value of our show cases. Ask for illustrated descriptive literature, and let us quote you prices.

Hardwood Mantels of superior beauty and style. Manufactured from thoroughly air-dried and kiln-dried lumber; finished by experienced workmen and guaranteed to be equal in style, quality and finish to any you can buy at the same prices. Illustrated catalogue free on request.

GREENVILLE MANTEL & MANUFACTURING COMPANY

GREENVILLE, SOUTH CAROLINA

TALKING ABOUT US

He Has No Home.

The lawless element of Anderson is going to find that it has no friend at all in Col. W. W. Smoak, the new editor of The Intelligencer. When editor of the Walterboro Press and Standard, he began a crusade against tigers that drove them out of town.—Spartanburg Journal.

Will Be Missed.

There will be plenty of Smoak in the editorial columns of the Anderson Intelligencer hereafter. And where there is Smoak there's bound to be the fire. Col. Wm. Banks resigned the editorship to take a place in the state agricultural department. That left a large vacancy. W. W. Smoak cannot fill it physically, but will be on the job mentally having been flamed to succeed Colonel Banks, whom we will all miss from South Carolina journalism.—Greenville Piedmont.

A Pillar of the Press.

Col. William Banks has resigned as editor of The Anderson Intelligencer. This announcement came as a great shock to many of his newspaper friends. He has been one of the pillars of the press. He goes into the service of the state department of agriculture carrying with him the best wishes of friends all over the state. Mr. W. W. Smoak, who succeeds Mr. Banks as editor, made a reputation for being a fearless writer when editor of The Walterboro Press and Standard and will undoubtedly give the people of Anderson a good paper. He continues as business manager also.—Spartanburg Journal.

Labored for "My Town."

William Banks has resigned the editorship of the Anderson Intelligencer to accept a position with the state department of agriculture. Mr. Banks has labored in and out of season for the upbuilding of Anderson county and "My Town," and he will be greatly missed. To him in his new field of work and to the new editor of The Intelligencer, we extend our best wishes.—The State.

A Man's Job.

Editing a growing newspaper like the Anderson Intelligencer is a man's size job, but we are cer-

tain that W. W. Smoak will measure up to it. Mr. Smoak was formerly editor of the Walterboro Press and Standard, later being connected with a Kentucky newspaper. He is one of the most logical and interesting writers in the state.—The State.

PERSONAL MENTION.

(From Thursday's Daily.) B. S. Doolittle, of Spartanburg, was among the visitors to spend yesterday in the city.

J. B. Watson, of the Hunter's Spring section, was in the city yesterday.

V. C. Dibble, of Charleston, was in the city yesterday, a guest at the Chiquola hotel.

Benneau Harris and T. G. Watkins, of Pendleton, are spending the week in the city.

E. G. Evans, of Pendleton, was in Anderson yesterday for a few hours.

John S. Martin and son, Bruce, of the Lebanon section were in Anderson yesterday.

Ben Fearman, of Starr, spent part of yesterday in the city on business.

Mr. and Mrs. J. E. Wofford, of Starr, were shopping in the city with friends.

Miss Annie McCrary, of Pendleton, spent yesterday in the city with friends.

Mr. and Mrs. Eugene Stilton and Miss Lillie McPhall of Pendleton were in the city yesterday.

Mrs. H. D. Gallely, of Anderson, R. F. D., was shopping in the city yesterday.

S. A. McGill of Iva, was among the visitors to spend yesterday in the city.

Miss Myrtis Skelton, of the Roberts section, was shopping in the city yesterday.

Miss Russell, of Russell, is in the city for a short visit to friends.

T. B. Meachem, of Greenwood, spent part of yesterday in the city on business.

J. S. Bolt, of Hones Path, spent a few hours in the city yesterday.

SOCIETY

(From Thursday's Daily.)

Ladies Day. Friday is "Ladies Day" at the Elks club and it is hoped a number of ladies will spend part of the day in the home. Owing to the inclemency of the weather many who had planned to play cards there last Friday afternoon postponed their games until Friday of this week. Tables will be placed in the reading rooms for as many players as care to accept this invitation.

Miss Sara Clinkscales, of Abbeville, will arrive in the city today to be the guest of Mrs. Albert Kay on East Church Street.

The many friends of Mr. and Mrs. Moncrief and their attractive little daughter Elizabeth, regret that they will leave the latter part of the week to make their home in Atlanta. Mr. Moncrief has been connected with the C. A. Reed Music Company for the past year, but leaves now to accept a position in his new home.

TEN TRAINS OFF.

Four Trains Between Greenville and Greenwood Are Discontinued.

Special to The Intelligencer. Columbia, S. C., Oct. 7.—The railroad commission today allowed the Southern Railway to discontinue more than 10 local passenger trains. Four trains between Greenville and Greenwood go off. The Augusta-Richmond railway today petitioned the railroad commission to be allowed to raise its rates from the cent to two cents per mile. A hearing was set for October 22.
